

CUSTOMIZED WORKPLACE ENGLISH

Customized Workplace English (CWE) partners with employers to provide contextualized English literacy training for employees. Our literacy services are customized to your requirements. We tailor the content, structure, and scheduling to the specific needs of each employer.

Builders Exchange members get 10% off customized Spanish class with the purchase of customized ESL instruction.

"Kent Companies is a people-first organization. When members of our team voiced an interest in improving their English skills, we listened. We turned to the Literacy Center for interactive English as a Second Language courses for over a dozen employees. Their instructors are top-notch. They customized our curriculum specifically for the construction industry.

Our team improved on-the-job communications skills. They also built language skills that will serve them well outside of work. Investing in your team pays immediate returns. The Literacy Center of West Michigan is a highly valuable resource for all businesses in our community."

Mindy Curtiss, SHRM-SCP
Corporate HR Director, Kent Companies
