

Thinking about going to electric vehicles?

Take advantage of incredible **fleet rebate and incentive grants** for EV charging from utility providers Consumers Energy and DTE Energy in Michigan.

This may cover most or all of charging infrastructure for your business.

There's a limited time to apply. Easy application process, and there's no commitment and no penalty if grant isn't used.

Contact BX of Michigan Auto Programs partner Momentum Groups today! Find out how to take advantage, or directly email the following information:

- Name
- Phone
- Email
- Company address
- Company city
- How many vehicles in the fleet?
- Have you applied or do you intend to apply for grant funding to purchase EV's?
- Energy account number
- Type of fleet vehicles you have (light/medium/heavy duty, etc.).
